THE  
ROCKWELL LAKE  
LODGE

HILLSDALE COLLEGE

# *Natural Beauty*

*The warm, 16,000-square-foot  
Rockwell Lake Lodge is located  
on a serene lakeside setting  
surrounded by northern Michigan  
forest at the Hillsdale College G.H.  
Gordon Biological Station—the  
perfect destination year-round for  
your conferences, corporate parties,  
and group retreats.*

# Comfort

A large, vaulted-ceiling Great Room with wooden beams, a stone fireplace, and guests seated in leather chairs. A man is speaking at a podium on the right.

*Guests can reserve the entire Lodge facility, which includes the vaulted-ceiling Great Room, ten luxurious guest suites, a conference room, a dining room, and a patio. Whether your event is for ten people or eighty, we have just the right spaces available to welcome your group.*

*Rockwell Lake Lodge sits on 672 pristine acres of woodlands, and one of the only remaining lakes in Michigan with an uninterrupted shoreline. Four guest cabins are available that sleep twelve each, as well as docks, kayaks, and boats for lake access. Miles of walking trails weave throughout the property. Find peace and renewal in our scenic surrounds.*

# Retreat

*Our professional in-house chef Eric Benedict has years of experience in New Orleans, Chicago, and Detroit culinary circles, refining his ability to maximize flavor from the simplest and freshest of ingredients. His dishes are sourced from Michigan growers (famous Michigan cherries pictured), with some ingredients even being grown in Benedict's own garden on Rockwell grounds. Plated and buffet-style serving options are available.*
